

# Thanks to All Our Clients And Those Who Will Be

In 18 years, we have served a few hundred companies in financial services, technology, life sciences, manufacturing, business services, pharmaceuticals, consumer goods.

In Michigan, Ohio, Illinois, California, Arizona, Colorado, Florida, Maryland, Virginia, Oregon, the State of Washington.

Some were acquired. Some did IPOs. Some went out of business. Many still exist.

Some became very well known and were high successes. ABN AMRO Mortgage Group. JDS Uniphase. Jungle. Starlight Networks. BlueGill. Mortgage.com. Unison Software. Ford Field. ProQuest (UMI). The Ragde Cancer Foundation. Grapevine.

Some are just huge international businesses whose names are widely known: Avery Dennison. Pfizer.

There's one thing you learn in 18 years of business:

Never mistake efforts for results.

We deliver results ... or we get out of the way.

The public and investor communications businesses are just that.

Do it or get out of the way.

We got out of the way a handful of times.

But for more than 400 clients served, we have a record of fine achievement.

**Here's thanks to all clients past and present.**

**And to those who will be.**
